V2:

Now we come to this place, where we meet face to face
Where the air is so thin, all of heaven's crashing in
Help me lose my 'self', as I find myself in You
Through the transformation only Christ can make in me

V3:

We will meet in this place as the people of God
For You've shown us the Way and You've told us the truth
We will go in Your name, with Your Word on our lips
Bearing love, bringing peace, calling broken people home

V3 REFRAIN:

Come and make Your home in the hearts of those
Who don't know that Your way is the way that they must go
Come and make Your home in this heart of mine
For I know that Your way is the way that I must go
